NORTHWESTERN BELL

TELEPHONE COMPANY

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

Operating under this policy, the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays, and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.

NORTHWESTERN BELL TELEPHONE COMPANY

BUSINESS TRANSACTIONS WITH THE COMPANY

Business Office—510 5th Street. Hours—8 A.M. to 5 P.M. except Sundays and Holidays. At other times calls for the business office will be answered by a representative who will handle business, requiring immediate attention and who will arrange for the handling of other business on the following business day.

Bills which are issued monthly cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill. They are due upon presentation. Payment may be made by mail or in person at the business office, or at the Coe Flower Shop, 2542 Lincoln Way.

Regulations and tariffs governing the furnishing of the various services by the telephone company are on file in the business office.

GENERAL INFORMATION

Service Can Be Suspended at a reduced rate and your number retained when you are to be away from your residence for an extended period. No charge is made to reconnect service.

Telegrams by Telephone— You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill. You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

Telephone Directories— The telephone company issues directories to assist it in furnishing prompt and convenient service, but it does not guarantee correct listings therein. The telephone company shall not be liable for damages arising out of errors in or omissions from its directories. As a matter of good service, the telephone company retains ownership of telephone directories.

Telephone Attachments— Attachment of auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any devices, not supplied by the Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The telephone company reserves the right to remove all such apparatus and devices.

LONG DISTANCE CALLS

To Make a Station-to-Station Call — Give the "Long Distance" operator the name of the town and the telephone number or

street address of the person you are calling. A station-to-station call is one on which you will talk with anyone available at the telephone called. Charges begin when the number called has been answered and are based on an initial period of three minutes. Station-to-Station calls cost less than Person-to-Person calls.

To Make a Person-to-Person Call — Give the operator the town, the name of the person you want, and his telephone number or street address. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

Reduced Rates are in effect between 6 P.M. and 4:30 A.M. each week day and at all hours on Sunday, on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls, and in general, 50 cents for Person-to-Person calls.

To Reverse the Charges notify the operator when you place the call. There is no extra cost, except on Station-to-Station calls of 20 cents or less for initial period which take a higher rate when sent collect. When placing a collect call, the operator will ask the person you are calling if he will pay the charges.

Long Distance Conference Service permits connection to your telephone line of persons in different cities so that each can talk with the others. Just call "Long Distance" and ask for the Conference Operator.

International Telephone Service— Information on availability of telephone service to points in other countries and the rates applicable thereto may be obtained by calling "Long Distance." Some typical weekday rates for a three minute call are: To Argentina, Australia, Denmark, Italy, United Kingdom, \$12.00; Costa Rica, Dominican Republic, Colombia, Venezuela, and the U.S.S.R., Haiti, and Hawaii \$9.00; to Bahamas, Puerto Rico, Virgin Islands, and Bermuda \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Telephone Recording Signal—A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his recording machine connected to the telephone line. This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard. The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Good telephone service for party liners...

Party-line service is *good* service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2—If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

COURTESY

We want your telephone service to be quick and good and cheap, but there is more to it than that. We want it to be courteous, too.

No matter what the occasion, there is always time for a cheery "please" and a pleasant word of thanks. That is the Bell System way. It is one of the fine traditions of the telephone business.

Full Value AND Continuous Circulation FOR Every Dollar You Spend!

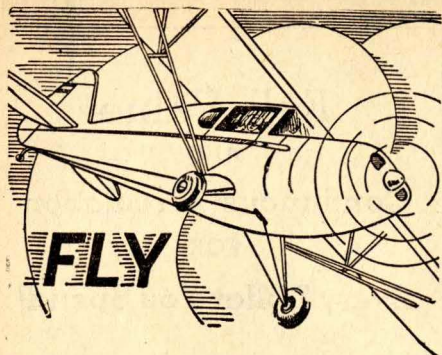

That is what you get when
you advertise in the Clas-
sified Telephone Directory.

Through this medium you
can tell the buyer about
your product or service at
the time he is ready to
place his order.

• The Welcome Mat is out.
We'd enjoy having you visit
the central office and see how
calls are handled. Mention it to
our folks in the office and it'll
be arranged.

Adding thousands of new telephones and associated equipment to keep pace with demands for service is a huge undertaking. Large sums must be spent—a great deal of work done.

*Mr. Architect**Mr. Contractor*

An important feature of modern homes is concealed telephone wiring with telephone outlets in rooms where portable telephones can be plugged in. The cost of installing concealed service entrance and wall conduit is low if included when the home is being built or remodeled.

We will be glad to help you plan for modern home telephone facilities. Just call 40 and ask for Architects' Builders' Service.

**We Believe In****AMES**

★

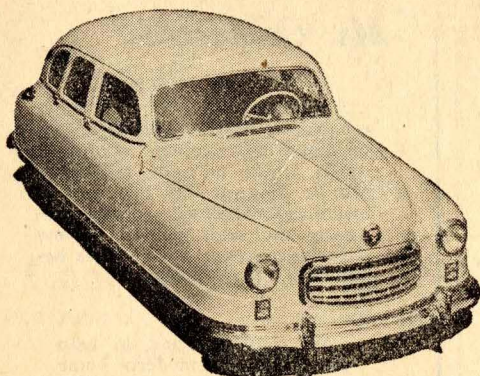

Everyone recognizes the value of organized effort. The Ames Chamber of Commerce and the Ames Junior Chamber of Commerce represent organized effort in building the community, promoting civic projects, and making our city a finer place in which to live.

They are your organizations. Be a member and have a real active part in building your home, business, and community.

Your Telephone Company is providing
more service for more people—
working at top speed to make
it the finest ever.

Good telephone service for party liners...

Party-line service is *good* service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1 — When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2 — If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3 — If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

Two Friendly Telephone Habits

Quick

to answer when the
bell rings.

Slow

to hang up when
you call someone
who doesn't imme-
diately respond.

In calling others, remem-
ber that the called person
may be almost there — so
wait a few seconds longer
and save another call.

**WHY CONDUIT IS NEEDED
FOR TELEPHONE WIRES**

Telephone entrance conduit improves the appearance of a home. Telephone conduit in walls provides for concealed wiring to telephone outlets in rooms where portable telephones can be plugged in.

Telephone service engineers will assist without charge in planning for telephone conduit and wiring. Just call 40 and ask for Architects' and Builders' Service.

Planning to Paint?

When you are planning to redecorate or modernize your home, remember to have a telephone service engineer assist you in rearranging your telephone service for maximum convenience. He can help you arrange for concealed wiring to telephone convenience outlets at the proper locations. Just call 40 and ask for Architects' and Builders' Service.

NORTHWESTERN BELL
TELEPHONE COMPANY

NEIGHBORLINESS PAYS

Few are the places where courtesy and willingness to co-operate pay off so richly as on party-line telephones. If you have this service, you've probably found it out for yourself.

The more neighborly those who share a telephone line, the better all hands fare.

TUBES FOR LONG DISTANCE

Thirty years ago the first effective high-vacuum tube for amplifying electric currents was made in Bell Telephone Laboratories.

Developed and refined by constant Laboratory research and made in quantity by Western Electric, today more than 1,250,000 such tubes are at work for Bell system telephone users in clear long distance speech.

*"We are
Grateful to You"*

Among the millions of daily
transactions with our custo-
mers, there sometimes is an
error on a telephone bill, a
misunderstanding on an or-
der, a delay on a long dis-
tance call.

Of course, we make every
possible effort to avoid these
mistakes and cut down their
number. But we know they
sometimes happen and we're
grateful to you for your pa-
tience when they do.

TALK DIRECTLY INTO THE TELEPHONE

The proper way to use the
telephone for best results is
to hold the transmitter di-
rectly in front of the lips and
talk clearly and naturally.

(Continued Next Column)

Coaxial Cable — a development of the Bell Telephone Laboratories, successfully transmits the wide range of frequencies used in TELEVISION.

Installations of this cable now in use helped greatly in handling war-time Long Distance loads, as each pair of "coaxial" tubes carry hundreds of simultaneous conversations.

Soon a network of "coaxial" cable will greatly increase Long Distance circuits, and may also carry television broadcasts, much as telephone wires now distribute chain radio broadcasts.

In a hurry? Use the Yellow Pages

Helpful tips on long distance calls

1. Give the operator the name of the town you are calling and the telephone number, if you know it . . . otherwise, the name and address.
2. If it's a station-to-station call, say "I'll talk to anyone who answers."
3. Wait for the operator to ask for your number . . . and remain at the telephone unless the operator says she will call you.

PAPERING?

When you are planning to redecorate or modernize your home, remember to have a telephone service engineer assist you in rearranging your telephone service. For maximum convenience, install telephone outlets in rooms where portable telephones can be plugged in. Just call 40 and ask for Architects' and Builders' Service.

**NORTHWESTERN BELL
TELEPHONE COMPANY**

How Fast
should you speak
over the telephone?

Over the telephone it's especially important to speak slowly and distinctly. The listener does not have the help of watching your expressions and gestures as when face to face.

It helps to prevent talking too fast when you speak clearly in your normal conversational voice.

ALWAYS LOOK FOR THE NUMBER ...before calling Information

The quickest way to find a telephone number is to look it up in this directory. If you call "Information" for numbers already listed, you lose time.

When the number you want isn't in the directory, the thing to do is to call "Information" and write down the number on your telephone call list. That way you'll have it next time you want to call.

Be quick to answer
when your telephone
rings.

Be slow to hang up
after you've placed a
call . . . give them
time to answer.

Be sure you replace the
receiver when you're
through talking.

Your co-operation will help everyone
get good telephone service.

NORTHWESTERN BELL TELEPHONE COMPANY

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2500

Emergency and Special Calls

FIRE (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and ask for "Long Distance")

Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a. m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 15.

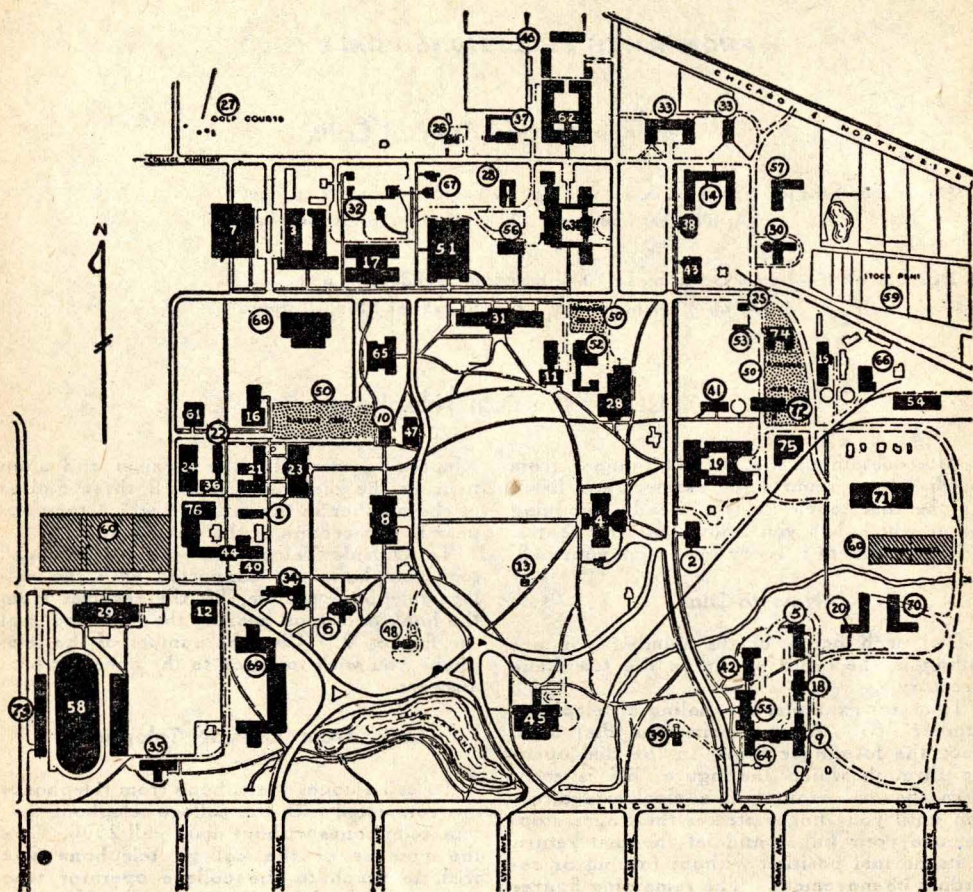

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

IOWA STATE COLLEGE

Telephone Directory

From Ames telephones call 2500 and ask for extension wanted.

From College telephones dial the extension number wanted.

ABBREVIATIONS

Department address in College listings are designated by the following abbreviations

A E—Agricultural Engineering	Exhibit H—Exhibit Hall	N H—Nurse's Home
Aer Lab—Aeronautical Laboratory	Gr H—Greenhouse	N S—Nursery School
Ag Ann—Agricultural Annex	H Ec—Home Economics	N S Ann—Nursery School Annex
Alumni H—Alumni Hall	Hosp—Hospital	NR0TC—Navy Bldg
Ames Lab—Ames Laboratory	H P—Heating Plant	Phys—Physics
Bdsh—Beardshear	I A—Industrial Arts	Pl Sh—Plant Shop
Bk S—Book Store	Insect—Insectary	P Pl—Power Plant
Bot—Botany Hall	L A—Landscape Architecture	Poul Lab—Poultry Laboratory
Carp Shop—Carpenter Shop	Lab Mech—Laboratory of Mechanics	Press Bldg—Press Building
Chem—Chemistry	Ldy—Laundry	Sci—Science Building
Chem Ann—Chemistry Annex	Lib—Library	Serv—Service Building
Chem Engr—Chemical Engineering	Mars—Marston Hall	V Adm—Veterinary Administration
C S—Central Stores	M E Lab—Mechanical Engineering Laboratory	V Anat—Veterinary Anatomy
Crts—Curtiss Hall	Meat Lab—Meat Laboratory	V Cl—Veterinary Clinic
Dir—Director	Mem U—Memorial Union	V Med—Veterinary Medicine
Dy In—Dairy Industry	M Gym—Men's Gymnasium	V Obst—Veterinary Obstetrics
Engr Ann—Engineering Annex	Mil Stables—Military Stables	V Path—Veterinary Pathology
Eng Exp Sta—Engineering Experiment Station	Mor—Morrill Hall	V Phys—Veterinary Physiology
E O B—English Office Building	Mus—Music Hall	V Res—Veterinary Research
		W Gym—Women's Gymnasium

SWIMMING SCHEDULE — 1950

Jan. 28	Nebraska at Ames
Feb. 18	Colorado at Ames
Mar. 4	Kansas Univ. at Lawrence
Mar. 10 & 11	Big 7 Conference Meet at Norman, Oklahoma

The **BIG** little thing

Your telephone is so small you can hold it in your hand; so big it can carry your voice across the world.

To furnish you with the kind of telephone service you desire, we obtain the best in telephone equipment from the Western Electric Company. Our association with the American Telephone & Telegraph Company provides nation-wide and world-wide long distance facilities and use of the famous Bell Laboratories for research purposes.

These advantages, plus service connections with other Telephone Companies throughout the country, make it possible for us to serve you — any time, any place, for business or pleasure, or emergencies.

Yes, your telephone is a big little thing — big enough to dissolve barriers of time and distance — little enough to be a friend and neighbor in your community.
